PROFESSIONAL SUMMARY

Computer Science graduate with 2 years of experience in Python, Machine Learning and Web Development. Strong communication, teamwork and problem solving skills. Interested in Artificial Intelligence and Data Science.

EDUCATION

Bachelor of Technology in Computer Science Engineering
XYZ University
2024

SKILLS

Python
Java
C++
SQL
HTML
CSS
JavaScript
React
Django
Machine Learning
Deep Learning
Natural Language Processing
TensorFlow
PyTorch
Pandas
NumPy
Scikit-learn
MySQL
MongoDB
Git
GitHub
Docker
AWS

Soft Skills:
Communication
Teamwork
Leadership
Problem Solving
Creativity
Adaptability

EXPERIENCE

Software Developer Intern
ABC Technologies
2023 - 2024

Developed Python applications for internal business processes.
Implemented machine learning models for customer prediction.
Built REST APIs using Django.
Designed database solutions using MySQL.

Worked with a team of developers to deliver projects.
Optimized application performance and reduced processing time.

PROJECTS

AI Resume Reviewer

Developed an NLP-based resume analysis application using Python.
Implemented skill extraction and resume scoring.
Created an ATS compatibility checker.
Built a Streamlit dashboard for displaying analysis results.

Customer Churn Prediction

Developed a machine learning model using Python, Pandas and Scikit-learn to predict customer churn.
Performed data preprocessing and model evaluation.

CERTIFICATIONS

Python Programming Certification
Machine Learning Certification
Generative AI Certification

ACHIEVEMENTS

Completed multiple AI and Machine Learning projects.
Participated in technical hackathons.
